Dear Sir:

Pursuant to the requirements of 37 C.F.R. § 1.56, Applicants now submit a list of documents known to Applicants or Applicants' attorneys. In view of the Federal Circuit Court of Appeals' decision in *McKesson Information Solutions, Inc. v. Bridge Medical Inc.*, 487 F.3d 897 (Fed. Cir. 2007), Applicants also provide a list of documents from the prosecution of foreign and U.S. patent applications.

Applicants have not included copies of cited U.S. patents or published U.S. patent applications. But, pursuant to 37 C.F.R. § 1.98(a)(2)(iv), and for the Examiner's review, Applicants have enclosed copies of the following: (1) cited foreign patents, (2) non-patent publications, and (3) documents from the prosecution of foreign and U.S. patent applications.

Regarding category (3), documents from the prosecution of foreign and U.S. patent applications, Applicants note that 37 C.F.R. § 1.98(b) does not mention, and thus does not require, that Applicants must provide any particular set of identifying information. While 37 C.F.R. § 1.98(a)(1) requires Applicants to provide a list of such documents, it does not require Applicants to include in that list specific identifying information. 37 C.F.R. § 1.98(a)(2)(iv) further requires Applicants to provide a copy of such documents (see APPENDIX A). Thus, the rules do not require that Applicants provide any particular set of information about the documents in category (3) prior to the Examiner's consideration of all the cited information. Nevertheless, in order to be as helpful as possible, Applicants have provided (a) information regarding the source of the documents, and (b) a title or description of each document. The prosecution record of either a foreign patent application or a U.S. patent application is the source for each document. Accordingly, in the list required by 37 C.F.R. § 1.98(a)(1), Applicants have provided information about the source of each document. The information provided mirrors the requirements for cited foreign patent applications and U.S. patent applications as set forth by 37 C.F.R. § 1.98(b). For at least these reasons, Applicants respectfully request consideration of all documents submitted in the present Information Disclosure Statement.

Applicants submit for the Examiner's consideration, copies of Office Actions, Amendments, Responses, and other correspondence from the prosecution of the following foreign patent applications. Pursuant to 37 C.F.R. § 1.98(a)(2)(iv), Applicants have enclosed a copy of each document. APPENDIX A lists these documents, provides identifying information, and includes a column for the Examiner's initials.

Consideration of the cited documents and making the same of record in the prosecution of the above-referenced application are respectfully requested.

No fee is believed due; however, the Commissioner is hereby authorized to charge any additional fees which may be required, or credit any overpayment to Deposit Account No. 14-0629.

Respectfully submitted,
